## PRODUCT PROPERTIES / APPLICATION AREA:

RAPITUFF® is a very strong hand cleanser for the thorough removal of highly adhesive, stubborn dirt, e.g. paint, varnish, resins, bitumen, tar and adhesives. The strong cleansing effect is based on a combination of natural scrubbing agents and di-basic esters, which are solvents with very good skin compatibility.

## APPLICATION:

Apply a hazel-nut sized amount of RAPITUFF® on the dry skin and spread the hand cleanser evenly adding a small amount of water. Rinse off with plenty of water and dry hands thoroughly. A proportional bigger amount of hand cleanser has to be used in order to remove heavier dirt.
