## PRODUCT PROPERTIES / APPLICATION AREA:

TOPSCRUB® NATURE is a strong hand cleanser with natural scrubbing agents for the thorough but gentle removal of heavy dirt, e.g. oil, soot, greases and graphite.

The pasty heavy-duty hand cleanser has a slightly acid pH value, similar to the human skin. The high-quality surfactants used have excellent skin compatibility. TOPSCRUB® NATURE contains natural scrubbing agents made of olive seed powder but does not contain any solvents.

TOPSCRUB® NATURE in 2000 ml Collapsible Bottles has been awarded the EU Ecolabel.

## APPLICATION:

Apply TOPSCRUB® NATURE evenly on the dry skin. For medium dirt, a small, hazelnut-sized amount is sufficient. Rinse off with plenty of water afterwards. A proportionally bigger amount of paste has to be used in order to remove heavier dirt.
